

## USAGE CALENDAR

This Usage Calendar is your key to open the benefits of **The Club at Presidente® Membership**. It helps you to determine how many points are needed for that special place you want to go and provides information concerning travel seasons and destinations.

Each night at the affiliated resort has a specific point value. The number of points needed for a reservation is determined by the destination, season, accommodations, and number of nights you want to book.

This calendar is very easy to use\*. As you will see, it shows a different daily value for each participating hotel. The variety of colors represent the spectrum of travel seasons or levels of demand: **Special** (red), **High** (orange), **Medium - High** (yellow), **Medium - Low** (green), **Low** (blue).

As a Member of **The Club at Presidente®**, you can reserve by using your Points and paying a Daily Fee for each stay. You can book as many nights as you want in the hotel and destination of your choice, and level up\* the number of rooms allowed per stay.

The hotels and resorts in Mexico currently participating in **The Club at Presidente®** system includes:
