

USAGE CALENDAR

This Usage Calendar is your key to open the benefits of The Club at Presidente Membership. It will help you determine how many points are needed for that special place you want to go, and provides information concerning travel seasons and destinations.

Each night at the affiliated resort has a specific point value. The number of points needed for a reservation is determined by the destination, season, accommodations, and number of nights you want to book.

It is easy to use this calendar. As you will see, it shows a different daily value for each participating hotel. The variety of colors represent the spectrum of travel seasons or levels of demand: **Special** (red), **High** (orange), **Medium High** (yellow), **Medium Low** (green), Low (blue).

As a Member of **The Club at Presidente**, you reserve by using your Points and paying a Daily Fee for each stay. You can book as many nights as you want in the hotel and destination of your choice, and up to the number of rooms allowed per stay.
